CI/CD Pipeline

The screenshot displays the AWS CodePipeline console interface. The top navigation bar includes the AWS logo, a search bar, and a list of services. The left sidebar shows the 'Developer Tools' section with 'CodePipeline' selected. The main content area is titled 'Portfolio_Project_Pipeline' and shows the pipeline's status as 'QUEUED'. The pipeline type is 'V2'. The pipeline consists of two stages: 'Source' and 'Deploy'. The 'Source' stage is marked as 'Succeeded' and shows a 'View details' button. The 'Deploy' stage is also marked as 'Succeeded' and shows a 'View details' button. A 'Disable transition' button is visible between the two stages. The pipeline execution ID is '17cb9e18-6ba8-496a-bf45-e2125988901a'.
